THE MARGUERITES.

A New Social Club Organized by the Young Ladies of Fort Worth.

A dozen of the most popular young ladies of Fort Worth society on yesterday completed the organization of a club, the object of which is to promote the pleasures of the members thereof, and those of their friends. The club will give entertainments at stated periods during the coming social season at the houses of the respective members. Not a member of the club but has already achieved a reputation as a most graceful and engaging hostess, and their names are a sufficient guarantee of a number of delightful and recherche social gatherings. On next Tuesday evening the initial entertainment will be given by Miss Ida VanZandt at the elegant residence of her father on Penn street. This will be the first entertainment not only of this club's series but also of the fall season, and it is looked forward to with lively anticipations of pleasure by all the members of society who are expected to participate in its enjoyment.

Fort Worth society has been almost stagnant since the gaities that ended with the close of the Spring Palace, and the coming season promises to be one of more than usual liveliness. The new club is a welcome addition to the other social attractions of the city.

The name chosen for the new osganization is the Marguerite, from which it may be inferred that all its members are
